ARE ENDORSED AND PRESCRIBED BY MORE of the Physicians than any other Tonic or Medicinal Stimulant in use. They are

A SURE PREVENTIVE

for Fever and Ague, Intermittents, Biliousness and all Diseases arising from malarious countries, are highly recommended as an ANTI-DYSPEPTIC, and in cases of CONGESTION are INVALUABLE. As an APPETIZER and RESTORANT, and in cases of GENERAL DEBILITY they have never, in a single instance, failed in producing the most happy results. They are purely

BENEFICIAL TO FEMALES,

strengthening the blood, invigorating the mind, and giving new life (instantly) to the whole system. The HOME BITTERS are compounded with the greatest care, and no effort has been spared to render them as PLEASANT TO THE TASTE and at the same time as searching as many remedial agents contained in the materia medica; as the best known to the Pharmacopoia. It costs but a trifle to give them a fair trial, and

Every Family Should Have a Bottle.

No remedy in the world can produce so many unquestionable testimonials by physicians of the very highest standing in their profession.

Prescribed also by the Clergy and the leading denominational papers.

UNITED STATES MARINE HOSP'TAL, St. Louis, Mo., Oct. 8, 1870.

JAMES A. JACKSON & Co.—Gentlemen: I am personally acquainted with the formula of your "Homœopathic Bitters," and have used them in this hospital the last four months. I consider them the most valuable tonic and stimulant now in use.

MISS SAWYER'S SALVE.

HERE is now a salve combining all the healing properties, with no dangerous ingredients. A remedy at hand for the many pains and aches, accidents and hurts to which flesh is heir. It is easily applied then many other remedies, never producing a bad effect, but always relieving pain. Burns or sores,

Is prepared by *Miss Sawyer*, who has used it in her own extensive treatment of the sick, for nearly twenty years, with great success.

The principal diseases for which this salve is recommended are, *Chilblains, Rheumatic s, Piles, Scrofula, Sores, Salt Rheum, Sprains, Burns, Fever Sores, Felons, Pimples, Erysipelas, Sore Eyes, Barber's Itch, Bedsores, Boils, Ring-worms, Bites of Insects, Cancers, Tooth-ache, Ear-ache, Sore Nipples, Baldness, Swollen Breasts, Piles, Scald Head, Teething, Chapped Hands, Scalds, Cuts, Bruises, Croup, Cracked Lips, and Sore Eyes.*

It never fails to cure Rheumatism if properly applied to it, or will do it no harm. While it cures all the diseases it has enrolled on its list, for Piles it has been discovered to be a sure remedy. Persons who have been afflicted for years have been relieved by a few applications. For *Erysipelas* it works wonders, allaying the inflammation and healing the patient. For *Chapped Hands* it produces a cure immediately. Let those with *Salt Rheum* obtain this Salve, and apply it freely, and it will do it invaluable. It is good in cases of *Scrofula* and *Tumors*. *Cancers* have been cured with it. The best Salve ever invented for *Swollen Breasts* or *Sore Nipples*. No way built into, but sure to afford relief. *Sore* or *Weak Eyes*—Rub it on the lids gently, once or twice a day. Cures deafness by putting in the ears on a piece of cotton. For *Kelons* this is superior to anything known. For *Pimples* dip onto like a charm. For *Burns* and *Scalds* apply the Salve at once and it gives immediate relief. For *Old Sores*, apply once a day.

FOR HORSES AND CATTLE.—For Sores or Bruises on Horses or Cattle this Salve is invaluable, and has astonishing effect in curing scratches on horses. The Salve has worked its way into notoriety, and is a safe and sure remedy for all the above ailments.

We, the undersigned, have been acquainted with Miss Sawyer for many years, and believe her to be a Christian lady and a skilful nurse, and have used her salve in our families, it gives us great pleasure in saying it is the best general medicine we have ever used!

LIVERY STABLE.

The undersigned, having retired from the Stage and Livery business at Dexter, has resumed the Livery business among his old customers and acquaintances at Bangor.

With the exception of the hack and coach business,

The entire Stock and Stand of Henry F. McLaughlin, on Central Bridge,

has been purchased by the undersigned.

To the equipments already belonging to this well known and popular establishment has been added an extensive assortment and variety of teams.

It will be the endeavor of the proprietor to accommodate the public taste in every variety and extent, and at reasonable prices; and by his undivided attention to the business, to make the old McLaughlin Stand unsurpassed by any other livery establishment in the State of Maine.

The very best of experienced and courteous attendants will be employed.

Particular care and attention will be given to the boarding of horses.

At the same office and stand, Mr. HENRY F. McLAUGHLIN will continue all sorts of business for Coaches, Hacks and Cabs, as heretofore.

LEMUEL NICHOLS.

A TAMMANY ROBBER ON HIS TRAVELS. Mr. A. J. Garvey, the celebrated New York court house plaster, whose bills for mason work on the public buildings of New York must forever stand as monuments of the mathematic skill of their author and of the "Ring" who discounted them, not relishing, probably, the course of the inquisitive committee of Seventy in going over those little "items," appears to have suddenly discovered the necessity for a trip to Europe, and to have acted upon that discovery with remarkable secrecy and celerity. Rumors of his flight have been rife for some time, but have been persistently denied by the Tammanyites.—That he is now in Europe, where he hopes to be able to enjoy the fruits of his remarkable mathematical exploits there can be no doubt. A correspondent writing from Bremen to the Times, who sailed in the Hermann on her last outward bound voyage, describes him so fully, that no doubt remains as to his identity. He travelled under the name of McDonnell, and was accompanied by his wife. During the entire voyage he manifested the most abject fear—the fear of a guilty conscience—although he could not conceal from his fellow passengers his shoddy characteristics, ostentatiously displaying his diamonds, and boasting of his immense possessions. He evidently feared the detectives were on his track and would penetrate his flimsy disguise as many of the passengers had already done, for at Southampton neither himself nor his wife were seen upon deck. At Bremen haven he laid bare his guilty conscience in the most absurd and ridiculous manner. While the steward was assisting him on board, the paymaster of another steamer stepped on board. The brass buttons and blue cloth were a terrible sight for the pseudo McDonnell. He thought his hour had come, and like a true son of Tammany, he, as a last resort, attempted to save himself by bribing the officer of justice. Quick as thought he handed the paymaster a handful of sovereigns. The latter, surprised and indignant, threw the money at his feet, and left him to gather the shining pieces out of the mud, amid the wonder and derisive laughter of the bystanders. In Bremen he stopped at an obscure third rate hotel, which he left in the evening for Basle, after cautioning the steward not to mention his destination. Doubtless he will seek to hide himself in some obscure corner of Europe, where there is no extradition treaty to invest him with the fear of arrest or a summons to disgorge his ill-gotten wealth.

COUNTING THE CHICAGO BURNT MONEY.—The work of sorting out and arranging whatever the fire was good enough to leave of monetary value at Chicago still goes on at the United States Treasury in Washington. Numbers of young ladies are employed in counting chance packages of currency, which seem ready to crumble at the touch. Bank notes, treasury bonds, gold, silver, nickel, all are so scarred and blackened as to demand the most careful overhauling. In some cases three or four hundred bank notes are found melted together like postage stamps in a hot day; and the greatest care is necessary to avoid destroying the faces as they are separated. Every note which is decipherable, whose value can be determined, is redeemed. Magnifying glasses, acids and receptacles are used, and whenever a note falls to pieces, the shreds are carefully pasted on prepared paper. The value of the task may be imagined by remembering the fact that each National bank note must be put into conditional, if possible, to return it to the bank which issues it, for redemption. The postage stamps, railroad bonds, government bonds, and government bank notes are counted four times in as many different departments, before they are delivered. Large quantities of canceled notes are daily burned with much ceremony. The representatives of the offices where the counting has been going on, and the agents of the banks whose notes are to be burned are always required to be present. The door of the furnace is ceremoniously unlocked. The notes are thrown in in the presence of the witnesses, then the doors are relocked.

BOSTON INSURANCE COMPANIES AND THE CHICAGO FIRE.—The risks held by the Hide & Leather Insurance Company of this city, on property destroyed by the Chicago fire amounted to about $730,000. It is probable that receivers will be appointed and the affairs of the Company will be wound up. It will pay about 50 per cent. to the policy holders.

The losses of the New England Company are about $750,000, and it will probably be able to pay 60 per cent.

The Independent Company had outstanding risks on Chicago property destroyed, for about $1,150,000. It has commenced paying 25 per cent. on account to the parties insured.

It is gratifying to know that no Boston companies have hesitated to pay their losses in full and on demand of their assureds. The most complaint in Chicago that some of the insolvent New York and Hartford companies are unwilling to pay all they are able to pay, and are trying to take advantage of the necessities of the parties burned out, and make hard bargains with them.

The National Company losses $412,000.—This company has sent its agent, Maj. Bowers, to Chicago, to adjust its losses, and pay them in full.

All the other Boston companies are promptly paying in full as fast as the claims against them are presented.—[Boston Traveller.

COLORED GLASS FOR VINERIES.—Some fun has been occasioned by certain statements made by General Pleasonton, of Philadelphia, in relation to experiments made by him with violet colored glass. The confidenced statement which we print herewith is abridged from an essay which he read before the Philadelphia Society for the Promotion of Agriculture:

The first question to be solved on the completion of the vinery was the proportion of blue or violet glass to be used in the roof.—Should too much be used it would reduce the temperature too much, and cause a failure of the experiment; if too little it would not afford a fair test. At a venture every eighth row on the roof was set with violet-colored glass, alternating rows on opposite sides of the roofs so that the sun in its daily course should cast a beam of violet light on every leaf in the grapery. Cuttings of some twenty varieties of grapes, each one year old, were planted in the borders inside and outside the grapery early in 1861. Very soon the vines began to attract great notice of all who saw them, from the rapid growth they were making. In a few weeks after the vines had been planted the walls and inside of the roof were closely covered with the most luxurious and healthy development of foliage and wood.—In the early part of September, 1861, some of the vines had attained a length of forty-five feet, with a diameter of one inch, one foot above the ground. Vines of the same varieties, which had been planted at the same time and had meanwhile received the best of care after the usual system, were at this time less than six feet long. The growth of the second year was, if anything, more remarkable than it had been the previous year. Besides the formation of new wood and the display of the most luxurient foliage, there was a wonderful number of branches of grapes, which soon assumed the most remarkable proportions, the bunches being of extraordinary magnitude, and the grapes of unusual size and development. From year to year the vines have continued to bear large crops of fine fruit, without intermission, for the last nine years. They are now healthy and strong, and as yet show no signs of decrepitude or exhaustion.

SIDNEY PERHAM

By the Governor
WILLIAM M DREW Secretary of State

THE BLIND STAGGERS OF DEMOCRACY

The Democratic party seems to be drifting into helpless chaos The superb organization that held it together for so many years have been utterly destroyed It has no leader, and can not be harmonized on any one platform There are many in its councils It means one thing in the North and another in the South It professes to hold one set of principles in the West and no principle at all in the East There are a few States where it is held together by mere tradition and custom. It is in Kentucky and Maryland, where men vote not from any conviction, but because their fathers voted before them on the same side men who never read a telegraphic dispatch and who have inherited Democracy as much as the same way as they have inherited their grandfather's small clothes. It is useless to argue with such people and to attempt to convince them would be a bootless task.

Democracy, or what little is left of it in a national point of view, is afflicted with a policy mania at the present time A number of political doctors and quacks have fastened themselves upon the unfortunate patient and are all recommending to revive and resuscitate it by the application of all manner of pills and plasters No one except the St Louis Republican, a sound Democratic paper, appears to be able to realize the fact that life left the body long ago, and that what it wants is not a course of political-medical treatment, but a coffin and some grave clothes and a decent interment The question in question recommends that the Democracy instead of going into a National Convention next year, shall turn its head into the sand and keep it so for a while and then improbable and impossible event shall take place, when it is to pull itself out and vote for some man whom it has been denouncing for the last ten years some uncertain Republicans are said to favor this idea, and the details of the conspiracy are being already settled

There are still a dozen other policies, however in the field which, so that its success is exceedingly doubtful The Pittsburg Post and the Cincinnati Enquirer announce that they will have none of it Says the Post Shall we disband? Never The enemy of Democracy is too great and powerful, and its organization is grounded in principles too sacred to talk about disbandment he presence of an enemy, no more than its numbers and infinitely our fathers upon principles To carry it the Democratic papers have united in supporting Thomas A Scott, the railroad king, who has called for the Presidency the platform which this gentleman's friends intend to have that he "can carry Pennsylvania" is not a question of his fitness or qualifications for the position but that he can command a larger number of questionable votes than can be bought up by corrupt influences by which the vote of a particular State may be rolled up on election day

But this is not the end of the "policies" There are the new departure policy and the extreme rebel policy represented by Alex Stephens and the Southern Ku Klux And then there is Mr Chase and his friends who have still another one in which they believe the safety of the Republic depends, who regard them as a sort of voice in the political wilderness crying for reforms that they would be the last to give to the country even if they had the opportunity The bond that held the Democratic party together has been broken During the last few months Horace Greeley and his cabal in New York succeeded in perpetuating their rule of infamy But one thing is certain, that no doubt they would have come to all these differences and put an end to all these discussions The millions stolen from the city of New York and the additional millions that undoubtedly would have been stolen would have made him complete master of the situation Tammany would have instated the nomination in 1872 as it dictated it in 1868 The rout of Tammany in New York, Tuesday was the rout of the Democratic party all over the country and notwithstanding the advice of the Pittsburg Post the best thing it can do is to unconditionally surrender and disband

BOSTON & MAINE RAILROAD The annual meeting of the Stockholders of the Boston and Maine Railroad was held Wednesday at City Hall, in Lawrence, one thousand being present among them many ladies. President Cogswell's resignation was accepted, and the following board of Directors chosen Nath'l J White Lawrence E J M Hale, Haverhill, George C Lord, Boston, Amos Paul, South Newmarket, J H, John E. Bickford, Dover, N H, Cyrus Wakefield, Wakefield; N J Bradlee, Boston.

In answer to inquiries from stockholders as to what was to be done in regard to building the extension into Portland, and how its expenses were to be paid, it was stated that everything was progressing satisfactorily, but that at present, and for apparent reasons, the precise plans of the corporation would not be made public.

THE ELECTION IN MARYLAND Mr Fulton of the Baltimore American, thinks that at least eight seven Republicans will be in the next Legislature of Maryland. Several of the Counties on the Western shore had in no returns at all, so that no definite information could be given, but Mr Fulton was confident that while the Democratic State ticket would be elected the vote would be quite close. It may be noticed that last year the Republicans had not a member of the Legislature, not a judge and not a County officer in the whole State.

Gov Padelford, of Rhode Island, has issued a proclamation announcing the result of the special election held to ascertain the will of the people on certain proposed amendments to the State Constitution, as follows —"In favor of extending the suffrage to every male citizen, 3,234, opposed, 6,960 In favor of abolishing the registry tax, 3,787, opposed, 6,100 In favor of refusing State aid to sectarian schools or institutions, 5,177 opposed, 1,574"

THE COAL TRADE. The anthracite coal trade, says the Philadelphia Ledger, is in an unusually depressed condition for November for a week past coal has steadily accumulated at almost all the centres, and sales are difficult at any price. Several large collieries in the Schuylkill region have stopped work in consequence Other mines will probably diminish their production, in order to prevent further depression Nothing, however, can now revive the market equal to the capacity of production, but two or three weeks of cold weather

THE CHICAGO RELIEF FUND The Executive Committee of the Chicago Relief and Aid Society has published an official financial statement of he amount actually received up to November 7th. The actual receipts are $2,040,000, out of about $3,500,000 subscribed. This includes $600,000 in the hands of the New York Chamber of Commerce and $200,000 in Boston, not yet placed to the credit of the fund The society is now aiding about 60,000 persons The most pressing need for which the committee has to provide is shelter for the houseless thousands in the coming winter The committee is aiding "burned outs" in erecting on their former sites or on leased grounds, in order that they may be able to stay during the winter and next summer be present for the work of rebuilding. Four thousand of these houses, sheltering about 20,000 persons, have already been built, and others will be erected. The number altogether to be sheltered is 35,000, The cost of these temporary buildings, with some necessary furniture, will be about $1,200,000, leaving $2,250,000 to meet the demand for food, clothing, fuel and general expenses from the 13th of October until the completion of the work, which cannot possibly end with the present winter

VOTING PLACES IN NEW YORK A correspondent thus describes some of the polling places in New York city on Tuesday —

Of course in the rougher Wards, like the 4th and 6th, the voting was not so much relied upon as intimidation. The very scum of the earth seemed to hang about the doors of the obscure and unexpressibly filthy polling rooms One or two pre-aphellite pictures of these rooms would be serviceable in the interest of honest voting In the 6th Ward we visited one this morning, which exceeded in vulgarity any of the others. It was in one of those sunken half cellars, half basement, which abound in New York One could just see by the dim light a rickety counter, on which were placed four clumsy boxes made of wood and glass Behind the counter stood the typical Irish American, with the brand of ignorance on his brow and the light of rum in his eyes The room was crowded with a reeking, disgusting set of rowdies, and as we approached the door where stood the two shivering policemen, the crowd closed us in, and insultingly inquired our opinions. The polling places at the Tombs, and in all the contiguous streets, were in much the same character, and the police did not seem to desire any active engagements with the crowd.

THE WISCONSIN SUFFERERS AMPLY SUPPLIED WITH CLOTHING The following card from the Governor of Wisconsin was published on Wednesday

MADISON, WIS., Nov 8, 1871.

To the People of the United States

The Relief Committee inform me that the supply of clothing on hand, in transit and ready for shipment, will be sufficient to meet the wants of the sufferers by fire in this State No further contributions of this kind are needed now Your generosity has comfortably clothed the needy for the winter—They would not tax your liberality longer than is necessary, and gratefully thank you for your liberal and timely aid.

(Signed) LUCIUS FAIRCHILD,
Governor of Wisconsin

The right to vote of the veterans of the Nations Soldiers' Home at Dayton, Ohio, about three hundred of whom were rejected at the October election, is to be tested in a contested election case now pending

Mournfully a leading Democratic paper in Illinois says —"That the Democratic party is not now on the high road to success the friends of republican government have grave cause to fear, and that the political sky is clouded may be attributed to blunders by those who assume to lead without the power to shape and direct."

Some Democrats in Georgia advise the immediate election of Governor, to fill the vacancy caused by the resignation of Governor Bullock, and suggest that the candidate be nominated by the Democratic members of the Legislature, in caucus Conley, the acting Governor, is a Republican, and they talk about his "usurpation."

The N. Y Star, the Tammany organ, in its Wednesday's issue, says:—"We have met the enemy, and candor compels us to announce that we are very decidedly theirs There is no good in blinking the facts; Tammany's ticket is overwhelmingly defeated, and the State is lost by means of the bogus Democrats who struck hands with the Republicans for an end"

The Louisville (Ky.) Ledger, the organ *par excellence* of the Bourbon Democrats, and which is understood to be in favor of either Wade Hampton, Alexander H. Stephens or the Cardiff Giant for President, heads a telegram announcing the nomination by a contemporary, of Colonel Scott for President, as follows —"All Aboard the Compromise Cars —Another Patent President Factory Started —Tom Scott's Last Achievement."

Theodore Bunsen, leader of a gang of bounty and back-pay forgers, was arrested in New York, Wednesday It is stated that he has manipulated forged claims on the Government amounting to $400,000 His headquarters have lately been in Chicago.

The Martyrs of Neglect.

It is not too much to say that tens of thousands are now suffering from biliousness, indigestion, constipation, periodical fevers, general debility, and nervous affections, who might be restored to perfect health within a month or less by the use of Hostetter's Stomach Bitters The multitudes who have been cured of these and other ailments by the use of this well known specific are always ready to testify to its virtue as a preventive and a remedy. They are eager to praise and recommend it, and yet, notwithstanding its vast popularity, there are many invalids, and many who are continually exposed to the epidemical diseases, against which it is a sure protection, who, either through indifference or incredulity neglect to seize the opportunity to cure and means of prevention, which they have only to reach out their hands to obtain. This is strange, but it is one of the anomalies of human nature which it is impossible to account for or explain. It is, however, quite certain that every day the number of these Martyrs of Neglect is diminishing. This is proved by the statistics of the sales of the great remedy During the past year the demand for it has increased beyond all precedent, and it seems as if by the end the whole community would realize the important fact, that when all other medicines prescribed for the above ailments fail, it can and does Obtain a cure As a protection against the diseases most [illegible] nothing [illegible] putting [illegible] parcels [illegible]

The Cause and Cure of Consumption.

The ordinary cause of consumption is derangement of the digestive organs This derangement produces deficient nutrition and assimilation By assimilation I mean that process by which the nutritious portion of the food taken into the stomach and bowels is changed into blood and thence into the solids of the body Any disease which impairs this assimilating function is a predisposition to pulmonary disease and this take place will be very liable to have Consumption if the cause of its former, and I hold that it will be impossible for any case of consumption without first restoring a good digestion and healthy assimilation The very first thing to be done is to cleanse the stomach and bowels from all diseased mucous and slime which is clinging to them that they cannot perform their natural functions, and then rouse up and restore the liver to a healthy action Nothing will oppose the cancerous humors in the blood like Schenck's Mandrake Pills. These pills stimulate the liver to throw off the load and morbid slime that is carried there and cause it to mix with the digestive fluid and be carried off through the bowels. They will act on the liver in such a manner as to cleanse it from all diseased matter, and give it a new and healthy action by which pure blood will be made

The stomach bowels and liver are thus cleansed by the use of Schenck's Mandrake Pills, but their combined action on account of the great quantity of bile they pour into the bowels the laxatives are apt to create a great prostration of strength and support It is in a condition like this that Schenck's Seaweed Tonic comes to the aid of the invaluable remedy ever discovered It is alkaline, and its use will neutralize all excess of acid making the stomach sweet and clean, it will give permanent tone to this important organ, and create a good hearty appetite and prepare it for the first process of good digestion and will ultimately make good healthy, living blood After this preparatory treatment, what remains to cure most cases of consumption is the Iodine and persevering use of Schenck's Pulmonic Syrup The Pulmonic Syrup nourishes the lungs, purifies the blood and is recognized as a valuable remedy ever discovered It is alkaline, and its use will neutralize all excess of acid making the stomach sweet and clean, it will give permanent tone to this important organ, and creates a good hearty appetite and prepares

LOCAL AND OTHER ITEMS

—Police items scarce yesterday, and the town quiet.

—The October term of the Supreme Judicial Court will probably finally adjourn to day

—The Aurora Borealis made last night quite light, notwithstanding the sky was very cloudy and there was no moon

—This has been an excellent season for the manufacture of brick, and large quantities have been made and sold in this vicinity

MAN SHOT. We hear it stated on good authority that last Thursday night, a man named Frank Gray was shot by a hotel keeper in Ellsworth, and so dangerously wounded that his life is despaired of.

—The front grounds of the new purchase at Mount Hope Cemetery have been lotted and are now ready for sale. The officers of the corporation will meet purchasers on the grounds Saturday afternoon.

—The Eastern Insurance Company had only $2,500 at risk on Denham & Funck's piano factory burned in New York on Wednesday—not $5,000 as the report of the Associated Press agent had it

—A new locomotive, called he A. D Lockwood and numbered 15, to take the place of one of the old ones, made her first trip yesterday on the Maine Central Railroad The Engine is from the Portland Company's works, and appears to be a powerful machine

—The contractors for deepening the channel and removing rocks from the bed of the Penobscot, have closed their operations for the season. They have removed a large amount of stone, earth, edgings, and other *debris* from the river

—Gilmore's Band came last evening on the mail train from the west, which was forty-five minutes late, but in six minutes from the time the train stopped in the depot, the G. A. R. entertainment Committee had every member of the band in Norombega Hall

—An unusually large quantity of potatoes was marketed in this city yesterday—some say over six thousand bushels—and the price was from 42 to 45 cents per bushel though a few extra loads brought as high as 50 cents.

—A poor old white horse was taken with the blind staggers on one of the Kenduskeag wharves in the rear of Broad St, yesterday afternoon, and it was found necessary to haul the used up animal away on a jigger, leaving his mate to drag a big potato wagon alone

BUSINESS CHANGE. Mr. H. A. Butler has withdrawn from the firm of Butler & Haynes, the well known hardware dealers, and Mr F A H Pillsbury, who has for twelve years past been in the Western Union Telegraph office, has been admitted to partnership with Mr. Haynes The business will be continued under the style of Haynes & Pillsbury.

QUICK WORK. The track of the Maine Railroad between Waterville and Winthrop was changed from broad to narrow gauge before 11 o'clock yesterday morning, and the mail train from this city went through on time. To-day the track will be narrowed to Danville Junction, and the broad gauge will have ceased to exist on the Maine Central road Supt Noyes has a large force of workmen making the change, and as will be seen above, it is done with great rapidity and no delay to trains

A MYSTERY. Our Winn correspondent writes that a few days since some lumbermen at work near Molunkus Lake, in Township A and No 1, 5 h Range, had occasion to drive a team loaded with hay by a cave on the border of the lake, and on account of the high wind blowing off a part of their load, made a slight "departure" from the usual road, when they discovered a small, low log building or hut almost hidden in the shrubbery The structure was entirely closed up, there being no open ng left for door or window, and the discoverers pried off a few of the logs to gain an entrance. The interior was tight and dry and the floor covered with evergreen boughs On one side wall was hung a coffin-shaped box on which was inscribed "*Death shall be the Doom of him who reveals these Secrets.*" There were no chips or other indications of the timber being cut in the vicinity to build the hut with, and the lumbermen are greatly puzzled to account for its presence in this unfrequented spot. Perhaps it was the residence of a branch Ku-Klux organization, but most likely it was built or a *cell* by some waggish woodsman.

SUNDAY SCHOOL MISSIONARY WORK. Rev. S H. Record of Providence, R I, who, during the last eight years, has been laboring in this State and Central and Eastern Massachusetts, as Missionary of the American Sunday School Union, has been in Northeastern Maine since the middle of August, making explorations of the field and doing School Mission work

Starting from this city with his horse and carriage, he travelled north up the Penobscot to Mattawamkeag, and thence through Aroostook county *via* Houlton and Presque Isle to Fort Kent, returning on the western side of the county through Ashland and Patten During this tour of more than one thousand miles drive in all, he organized seventeen Sunday schools in destitute neighborhoods, into which were gathered some seven hundred and fifty children and teachers, and making over 600 family visits, and preaching twenty-five sermons, besides more than thirty other addresses, in immediate connection with his specific Sunday School work. He informs us that the field canvassed showed great need of Sunday School Mission work, the largest portion of the children being without a Bible school It is hoped that the canvass of this part of our State by the American Sunday School Union, will be the means of waking up the churches of Maine to sustain several permanent Sunday School Missionaries.

THE CONCERT LAST NIGHT. It is now a well recognized fact that the Grand Army courses of entertainments in this city have become a leading power in our winter society, calling out the great bulk of the better class of amusement goers and even of the style and fashion of the town In fact, the growth of favor in behalf of Post 12's efforts in this direction has been wonderfully swift, and has most notably rewarded the energy and sagacity of their management.

Last evening, the opening night of the season, a very large audience was gathered in Norombega Hall, and the beginning was a marked success, guaranteeing beyond question the financial thrift of the year. Gilmore's Military Band and Orchestra, (21 pieces, led by Arbuckle the famous cornet soloist,) and Mrs. Anna Granger Dow, soprano, made up the attraction, and gave a concert in many respects unequalled by any ever given in the hall. Mrs. Dow was in splendid voice, and rendered the waltz "Ah che la Speme," by Cohen, in a manner which elicited an encore, in response to which she gave "Beautiful Biro" in a charming manner. She also received an encore for her fine rendering of the beautiful song, "She wandered down the Mountain Side," and responded with "On the Danube River." Mrs. Dow was very warmly received, and won many high compliments on this, her first appearance in Bangor She will assuredly be welcome whenever she may come again

Mr Arbuckle, an old favorite with our concert-goers, gave for cornet solos De Beriot's Seventh Air for the Violin, arranged for the Cornet by Hartman, and Levy's Young America Polka, as only he can play, and was recalled twice, responding with variations on the "Blue Bells of Scotland," and "Why do I weep for thee"

The band well sustained its reputation, and under the direction of Mr. Arbuckle, delighted the audience with the overtures to "Stradella," and "Stabat Mater," Strauss' "Rudolph Klange" and "Wildfeur Polka," Lumbye's "Dream of the Young Mother." a pot-pourri from Sommambula and a medley by Downing.

Altogether the concert was most enjoyable, and proved an auspicious opening of the G A R. course

BANGOR POLICE COURT.

BEFORE JUDGE CLARK.

Thursday, Nov. 9th Richard Hennessy, a lad 15 years of age, whose arrest for throwing stones and snow into the school room, assaulting his teacher, and habitual truancy, we noted yesterday, was arraigned on the last named charge He was found guilty and sentenced to three years in the State Reform School, An appeal was taken to the Supreme Court.

THE BRAZILIAN EMANCIPATION BILL. The terms of the Brazilian Emancipation bill show that it relates primarily to gradual emancipation, and consequently is quite as remarkable for what it promises as for what it at once performs. All the slave children born on or after the 28th of September, 1871, are made free, while all slaves held by the national government are liberated immediately and an emancipation fund established. Special provisions are also made for the benefit of those remaining in bondage. These are the most radical provisions. A casual reading of the law, however, will show that it is framed in such a manner as to leave much to the discretion of the Government This is one of its most hopeful features It sustains the belief that not only will the most liberal construction be placed upon the present law for the benefit of the slave, but that future legislation will be so directed as to relieve the act of its objectionable features and make it really an act of complete and irreversible and immediate emancipation

As now constituted the laws less sweeping than the friends of the measure outside the Brazilian empire anticipated. The number of slaves annually liberated by it is comparatively few, the amount of money provided is believed to be inadequate to the necessities of the case However, this last is a deficiency that a Government favorably disposed toward complete emancipation and only awaiting the education of public sentiment to secure, can easily provide for Having passed the Rubicon by securing this partial and prospective act of emancipation, and having secured a recognition of the respectability and desirability of free labor, it will be strange indeed if the emancipation party in Brazil do not consummate their work long before the present law shall have fulfilled its appointed mission.

OPENING OF THE QUEBEC PARLIAMENT. The second session of the Parliament of Quebec was on Wednesday opened by the Lieut Governor, who congratulated Parliament on their progress since the Confederation. He recommended a continuance of the policy of railroad extension as far as the finances admit, stating that several emigration agents have been appointed in Europe and throughout the United States, and the result of their efforts is very gratifying He says that notwithstanding the large amounts spent on public works and education, there still remains a considerable surplus to the credit of the Province.

THE TURF. "Topsey" beat "Grace Bertram" in a $1,000 match at Fleetwood Park Wednesday, best time 2 33¾. Kingston and running mate and Honest Allen and mate, trotted four heats for a $2,000 stake, when the race was postponed till Thursday on account of darkness; best time 2 18½

A SCREW LOOSE OR A BUNG OUT. The St Louis Democrat publishes a letter from Knobnoster, Johnson County Missouri, which says that at that place rain has descended continuously for two weeks, from a cloudless sky, the space moistened by the rain being only twenty feet in diameter Numerous people are said to have witnessed the phenomenon.

THE APACHE INDIANS. The President has approved the recommendation made by the Secretary of the Interior that the Apaches be protected while remaining on the reservation, but if they refuse to come in they will be pursued and treated as enemies. Gen Schofield is to be placed in control of the Indians of Arizonia and will be instructed to keep them upon the reservations

The western extension of the Baltimore & Ohio, the Illinois Central, the Michigan Central and Chicago, Burlington & Quincy Railroad Companies, propose to build a Union Depot on Lake Park, Chicago, which shall be the finest in the world.

A GREAT THROUGH CARRIER.

THE

EUROPEAN AND NORTH AMERICAN RAILWAY

is now completed, and regular trains running to St John, N B (202 miles from Bangor), and to Shediac, (250 miles from Bangor)

This great Trunk Line is the ONLY Railroad connecting the Maritime Provinces, (population ONE MILLION,) with the U S and Canada, and all the land travel, mails and freight, between these great sections of the continent, passes over this grand thoroughfare

On completion, (in July next) of some 50 miles of railway between Amherst and Truro, Nova Scotia, a continuous line of Railroad will be formed to HALIFAX, and no 700 miles of Ocean travel can then be avoided, and some 36 hours time saved in going to and coming from Europe by Railroad to or from HALIFAX instead of by steamer all the way from and to New York a large through business in passengers, mails, and freight, is sure then to still further increase the revenues of the E. & N. LAWS OF THE UNITED STATES

Passed at the First Session of the forty second Congress.

Treaty between the United States and Great Britain, Claims, Fisheries Navigation of the St Lawrence &c, American Lumber on the river St Croix boundary &c, concluded May 8 1871, ratifications exchanged June 1 1871 proclaimed July 4 1871

By the President of the United States of America

A PROCLAMATION

Whereas a Treaty between the United States of America and Her Britannic Majesty the Queen of the United Kingdom of Great Britain and Ireland concerning the settlement of all causes of difference between the two countries, was concluded and signed at Washington by the High Commissioners and Plenipotentiaries of the respective Governments on the eighth day of May last which treaty is, word for word, as follows

The United States of America and Her Britannic Majesty being desirous to provide for an amicable settlement of all causes of difference between the two countries have for that purpose appointed their respective Plenipotentiaries, that is to say the President of the United States has appointed, on the part of the United States as Commissioners in a treaty at High Commissioners and Plenipotentiaries Hamilton Fish Secretary of State, Robert Cumming Schenck Envoy Extraordinary and Minister Plenipotentiary to Great Britain, Samuel Nelson an Associate Justice of the Supreme Court of the United States Ebenezer Rockwood Hoar, of Massachusetts and George Henry Williams, of Oregon, and Her Britannic Majesty on her part has appointed as her High Commissioners and Plenipotentiaries the Right Honorable George Frederick Samuel, Earl de Grey and Earl of Ripon, Viscount Goderich, Baron Grantham a Baronet a Peer of the United Kingdom, Lord President of Her Majesty's Most Honorable Privy Council, Knight of the Most Noble Order of the Garter etc etc, the Right Honorable Sir Stafford Henry Northcote, Baronet one of Her Majesty's Honorable Privy Council, a Member of Parliament, a Companion of the Most Honourable Order of the Bath etc etc, Sir Edward Thornton Knight Commander of the Most Honourable Order of the Bath, Her Majesty's Envoy Extraordinary and Minister Plenipotentiary to the United States of America, Sir Alexander Macdonald, Knight Commander of the Most Honourable Order of the Bath a member of Her Majesty's Privy Council for Canada and Minister of Justice and Attorney General of Her Majesty's Dominion of Canada, and Montague Bernard, Esquire, Chichele Professor of International Law in the University of Oxford

And the said Plenipotentiaries, after having exchanged them full powers which were found to be in due and proper form, have agreed to and concluded the following articles

ARTICLE I

Whereas differences have arisen between the Government of the United States and the Government of Her Britannic Majesty, and still exist, growing out of acts committed by the several vessels which have given rise to the claims generally known as the "Alabama claims"

And whereas Her Britannic Majesty has authorized Her High Commissioners and Plenipotentiaries to express in friendly spirit the regret felt by Her Majesty's Government for the escape, under what ever circumstances, of the Alabama and other vessels from British ports and for the depredations committed by those vessels

In order, therefore, amicably to adjust all complaints and claims on the part of the United States, and to provide for the speedy settlement of such claims which are not admitted by Her Britannic Majesty's Government the High Contracting Parties agree that all the said claims growing out of acts committed by the aforesaid vessels and generally known as the "Alabama claims" shall be referred to a Tribunal of Arbitration to be composed of five Arbitrators one to be appointed in the manner hereinafter mentioned by the President of the United States one by Her Britannic Majesty one by the President of the United States and one by His Majesty the King of Italy one by His Majesty the Emperor of Brazil and one by the President of the Swiss Confederation, or His Majesty the Emperor of Brazil as the case may be, may forthwith name another person to be Arbitrator in the place of the one originally named by such Head of a State

And in the event of the refusal or omission for two months after receipt of the request from either of the High Contracting Parties of His Majesty the King of Italy or the President of the Swiss Confederation or His Majesty the Emperor of Brazil to name an Arbitrator calling to fill the original appointment or in the case of one who may have died, be absent or incapacitated, or who may decline or refuse from any cause cease to act as such Arbitrator, the Minister for the King of Sweden and Norway shall be requested to name one, or in case he too be the case may be to act as such Arbitrator or Arbitrators.

ARTICLE II

The Arbitrators shall meet at Geneva, in Switzerland at the earliest convenient day after they shall have been named and shall proceed impartially and carefully to examine and decide all questions that shall be laid before them on the part of the Governments of the United States and of Her Britannic Majesty respectively, and such decision shall be given in writing and dated and shall be signed by the Arbitrators who may agree to it

It shall be competent for each Government to appoint a person to attend the Tribunal as its Agent, to represent it generally in all matters connected with the arbitration

ARTICLE III

The written or printed case of each of the two Parties shall be laid before the Tribunal within four months from the date of the exchange of the ratifications of this Treaty

ARTICLE IV

Within four months after the delivery on both sides of the written or printed case either Party may, in like manner, deliver in duplicate to each of the said Arbitrators and to the Agent of the other Party, a counter case and additional documents, correspondence, and evidence, in reply to the case documents correspondence, and evidence so presented by the other Party

The Arbitrators may, however, extend the time for delivering such counter case, documents correspondence, and evidence when, either has become necessary in consequence of the evidence or the pleas from which the evidence to be presented is to be procured

If in the case submitted to the Arbitrators either Party shall have specified or alluded to any report or document in its own exclusive possession without annexing a copy such Party shall be bound if the other Party shall apply for it within thirty days to furnish that Party with a copy thereof and either Party may call upon the other, through the Arbitrators, to produce the originals or certified copies of any papers adduced as evidence, giving in each instance such reasonable notice as the Arbitrators may require

ARTICLE V

It shall be the duty of the Agent of each Party, within two months after the expiration of the time limited for the delivery of the counter case on both sides to deliver in a printed copy of the said Arbitrators and to the Agent of the other Party a letter or printed argument showing the points and referring to the evidence upon which his Government relies and the Arbitrators may if they desire further elucidation with regard to any point require a written or printed statement or argument or oral argument by counsel upon it, but in such case the other Party shall be entitled to reply either orally or in writing as the case may be

ARTICLE VI

In deciding the matters submitted to the Arbitrators, they shall be governed by the following three rules which are agreed upon by the High Contracting Parties as rules to be taken as applicable to the case and by such principles of International Law not in consistent therewith as the Arbitrators shall determine to have been applicable to the case

RULES

A Neutral Government is bound—

First to use due diligence to prevent the fitting out arming or equipping, within its jurisdiction of any vessel which it has reasonable ground to believe is intended to cruise or to carry on war against a Power with which it is at peace, and also to use like diligence to prevent the departure from its jurisdiction of any vessel intended to cruise or carry on war as above such vessel having been specially adapted, in whole or in part, within such jurisdiction, to warlike use

Secondly not to permit or suffer either belligerent to make use of its ports or waters as the base of naval operations against the other, or for the purpose of the renewal or augmentation of military supplies or arms, or the recruitment of men

Thirdly to exercise due diligence in its own ports and waters, and as to all persons within its jurisdiction, to prevent any violation of the foregoing obligations and duties

Her Britannic Majesty has commanded Her High Commissioners and Plenipotentiaries to declare that Her Majesty's Government cannot assent to the foregoing rules as a statement of principles of International Law which were in force at the time when the claims mentioned in Article I arose but that Her Majesty's Government, in order to express its desire to strengthen the friendly relations between the two countries and of making satisfactory provision for the future, agrees that in deciding the questions between the two countries arising out of those claims, the Arbitrators should assume that Her Majesty's Government has laid down for the guidance upon the principles set forth in these rules

And the High Contracting Parties agree to observe these rules as between themselves in future and to bring them to the knowledge of other maritime Powers and to invite them to accede to them

ARTICLE VII

The decision of the tribunal shall if possible, be made within three months from the close of the argument on both sides

It shall be made in writing and dated and shall be signed by the Arbitrators who may assent to it

The said Tribunal shall first determine as to each vessel separately whether Great Britain has by any act or omission failed to fulfil any of the duties set forth in the foregoing three rules or recognized by the principles of International Law not inconsistent with such rules and shall certify such fact as to each of the said vessels In case the Tribunal shall find that Great Britain has failed to fulfil any duty or duties as aforesaid it may if it think proper, proceed to award a sum in gross to be paid by Great Britain to the United States for all the claims referred to it in which case the gross sum so awarded shall be paid in coin by the Government of Great Britain to the Government of the United States at Washington within twelve months after the date of the award

The award shall be in duplicate, one copy whereof shall be delivered to the agent of the United States for the Government of the United States and the other copy shall be delivered to the agent of Great Britain for his Government

ARTICLE VIII.

Each Government shall pay its own agent and provide for the proper remuneration of the counsel employed by it and of the Arbitrator appointed by it and for the expenses of preparing and conducting its case The like shall be done by the Government appointing each additional Arbitrator All other expenses connected with the arbitration shall be defrayed by the two Governments in equal moieties

ARTICLE IX

The Arbitrators shall keep an accurate record of their proceedings, and may appoint and employ the necessary officers to assist them

ARTICLE X

In case the Tribunal finds that Great Britain has failed to fulfil any duty or duties as aforesaid and does not award a sum in gross the High Contracting Parties agree that a Board of Assessors shall be appointed to ascertain and determine what claims are valid, and what amount or amount shall be paid by Great Britain to the United States on account of the liability arising from such failure as to each vessel, according to the extent of such liability as determined by the Arbitrators

The Board of Assessors shall be constituted as follows One member thereof shall be named by the President of the United States, one member thereof shall be named by Her Britannic Majesty, and one member thereof shall be named by the Representative at Washington of His Majesty the King of Italy and in case of a vacancy happening from any cause it shall be filled in the same manner in which the original appointment was made

As soon as possible after such nominations the Board of Assessors shall be organized in Washington, with power to hold their sittings there, or in New York or in Boston The member thereof shall severally subscribe a solemn declaration that they will impartially and carefully examine and decide to the best of their judgment, and according to justice and equity, all matters submitted to them, and shall forthwith proceed under such rules and regulations as they may prescribe, for the investigation of the claims which shall be presented to them by the Government of the United States, and shall examine and decide upon them in such order and manner as they may think proper, but upon such evidence or information only as shall be furnished by or on behalf of the Governments of the United States and of Great Britain, respectively. They shall be bound to hear on each separate claim, if required, the persons or the agents of the persons interested, or counsel or agents for the Government of the United States or for Her Britannic Majesty in relation thereto, and to receive and consider any written documents or statements which may be presented to them for or on behalf of the respective Governments in support of, or in answer to any claim and to hear if required either Government or their agents on any such document or statement which they may have received, and which shall not have been before communicated to them, they shall give due notice to the other Government or their agents that such document or statement has been received, in order that counter statements may be submitted if necessary

Three copies of every report shall be made in duplicate, and one copy thereof shall be delivered to the Secretary of State of the United States, and one copy to the Representative of Her Britannic Majesty at Washington

The report or reports shall be made in duplicate, and one copy thereof shall be delivered to the Secretary of State of the United States, and one copy to the Representative of Her Britannic Majesty at Washington

The amount of money which may be awarded under the last preceding article shall be paid in coin, within twelve months after the delivery of such report

The Board of Assessors may employ such clerks as they may think necessary

The expenses of the Board of Assessors shall be borne equally by the two Governments, and paid from time to time, as they are found expedient on the production of accounts certified by the Board The remuneration of the Assessors shall also be paid by the two Governments in equal moieties in a similar manner

ARTICLE XI

The High Contracting Parties engage to consider the result of the proceedings of the Tribunal of Arbitration and of the Board of Assessors should such Board be appointed, as a full, perfect, and final settlement of all the claims hereinbefore referred to, and further engage that every sum of money which for the same may or may not have been presented to the notice of, made, preferred, or laid before the Tribunal or Board, shall be awarded by the Tribunal or the Board of Assessors, or which shall be agreed or awarded between the two Governments in pursuance of Article XIV of this Treaty, shall be received by the Government of the United States in full satisfaction of all claims of the citizens of the United States or of Her Majesty's subjects or Government arising out of the acts committed by the several vessels mentioned in Article I, and that every such claim whether or not the same may have been presented to the notice of, made, preferred or laid before the said Tribunal or Board, shall from and after the conclusion of the proceedings of the Tribunal or Board be considered and treated as finally settled, barred, and thenceforth inadmissible

ARTICLE XII

The High Contracting Parties agree that all claims on the part of corporations, companies, or private individuals, citizens of the United States upon the Government of Her Britannic Majesty, arising out of acts committed against the persons or property of citizens of the United States during the period between the thirteenth of April, eighteen hundred and sixty-one and the ninth of April eighteen hundred and sixty five, inclusive not being claims growing out of the destruction of the vessels referred to in Article I of this Treaty and all claims, with the exception of those of the party of corporations companies or individuals, subjects of Her Britannic Majesty mentioned in the same article, which may have been presented to either Government for its interposition with the other and which yet remain unsettled as well as any other such claims which may be presented with in the time specified in Article XIV of this Treaty, shall be referred to three Commissioners, to be appointed in the following manner that is to say One Commissioner shall be named by the President of the United States one by Her Britannic Majesty and the third by the President of the United States or in case he shall decline to name by the Representative at Washington of His Majesty the King of Spain In case of the death absence or incapacity of any Commissioner or in the event of any Commissioner omitting or declining or ceasing to act as such the vacancy shall be filled in the manner hereinbefore provided for making the original appointment, the period of three months to be reckoned in case of a vacancy occurring among the Commissioners under this Article from the date of the happening of the vacancy

The Commissioners so named shall meet at Washington at the earliest convenient period after they have been respectively named, and shall, before proceeding to any business make and subscribe a solemn declaration that they will impartially and carefully examine and decide to the best of their judgment, and according to justice and equity all such claims as shall be laid before them on the part of the Governments of the United States and of Her Britannic Majesty respectively, and such declaration shall be entered on the record of their proceedings

ARTICLE XIII

The Commissioners shall then forthwith proceed to the investigation of the claims which are to be presented to them They shall investigate and decide each claim in such order and such manner as they may think proper but upon such evidence or information only as shall be furnished by or on behalf of the respective Governments They shall be bound to receive and consider all written documents or statements which may be presented to them by or on behalf of the respective Governments in support of, or in answer to any claim and to hear if required either person on each side on behalf of each Government on each separate claim A majority of the Commissioners shall be sufficient for an award in each case The award shall be given upon each claim in writing, and shall be signed by the Commissioners assenting to it It shall be competent for each Government to name one person to attend the Commissioners as its agent, to present and support claims on its behalf, and to answer the claims made on its behalf and to represent it generally in all matters connected with the investigation and decision thereof

The High Contracting Parties hereby engage to consider the decision of the Commissioners as absolutely final and conclusive upon each claim decided upon by them, and to give full effect to such decisions without any objection, evasion, or delay whatsoever

ARTICLE XIV

Every claim shall be presented to the Commissioners within two months from the day of their first meeting unless in any case where reasons for delay shall be stated which in the satisfaction of the Commissioners, and then, and in any such case, but not otherwise the claim may be extended by them to any time not exceeding three months longer

The Commissioners shall be bound to examine and decide upon every claim within two years from the day of their first meeting It shall be competent for the Commissioners to decide each case upon the evidence or other proof laid before them, or they may if they think fit, require further evidence from either Party in regard to any claim but such requirement shall be made within the period of three months after the first meeting at which the case is decided

The Commissioners shall keep an accurate record and correct minutes or notes of all their proceedings with the dates thereof, and may appoint and employ a secretary and any other necessary officer or officers to assist them in the transaction of the business which may come before them

Each of the High Contracting Parties shall pay its own Commissioner and agents or counsel All other expenses shall be defrayed by the two Governments in equal moieties

ARTICLE XV

The navigation of the river S Lawrence ascending and descending, from the 45th parallel of north latitude, where it ceases to form the boundary between the two countries, from, to, and through the lakes, shall forever remain free and open for the purposes of commerce to the inhabitants of the United States, subject to any laws and regulations of Great Britain or of the Dominion of Canada, not inconsistent with such privilege of free navigation

The navigation of the rivers Yukon, Porcupine, and Stikine, ascending and descending from, to, and through the said waters, shall forever remain free and open for the purposes of commerce to the subjects of Her Britannic Majesty and to the citizens of the United States subject to any laws and regulations of either country within its own territory, not inconsistent with such privilege of free navigation

ARTICLE XVI

The Government of Her Britannic Majesty engages to urge upon the Government of the Dominion of Canada to secure to the citizens of the United States the use of the Welland, St Lawrence, and other canals in the Dominion on terms of equality with the inhabitants of the Dominion, and the Government of the United States engages that the subjects of Her Britannic Majesty shall enjoy the use of the St Clair Flats Canal on terms of equality with the inhabitants of the United States, and further engages to urge upon the State Governments to secure to the subjects of Her Britannic Majesty the use of the several State canals connected with the navigation of the lakes or rivers traversed by or contiguous to said lakes and rivers, on terms of equality with the inhabitants of the United States

ARTICLE XVII

The navigation of Lake Michigan shall also for the term of years mentioned in Article XXIII of this treaty, be free and open for the purposes of commerce to the subjects of Her Britannic Majesty, subject to any laws and regulations of the United States or of the States bordering thereon not inconsistent with such privilege of free navigation.

ARTICLE XVIII

It is agreed that, for the term of years mentioned in Article XXIII of this Treaty goods wares or merchandise arriving at the ports of New York, Boston, and Portland and any other ports in the United States which have been or may from time to time, be specially designated by the President of the United States, and destined for Her Britannic Majesty's Possessions in North America, may be entered at the proper custom-house and conveyed in transit, under such rules, regulations, and conditions for the protection of the revenue as the Government of the United States may from time to time prescribe and under like rules, regulations, and conditions, goods, wares or merchandise may be conveyed in transit without payment of duties, from the United States through the said Possessions to other places in the United States, or for export from ports in the said Possessions

ARTICLE XIX

It is agreed that for the term of years mentioned in Article XXIII of this Treaty fish oil and fish of all kinds (except fish of the inland lakes and of the rivers falling into them, and except fish preserved in oil) being the produce of the fisheries of the United States or of the Dominion of Canada, or of Prince Edward's Island shall be admitted into each country, respectively, free of duty

ARTICLE XVII

Inasmuch as it is asserted by the Government of Her Britannic Majesty that the privileges accorded by the United States and the Government of the United States to the subjects of Her Britannic Majesty, as stated in Articles XVIII and XIX of this Treaty, are of greater value than those accorded by Articles XIX and XXI of this Treaty to the subjects of Her Britannic Majesty, and this assertion is not admitted by the Government of the United States, it is further agreed that Commissioners shall be appointed to determine having regard to the privileges accorded by the United States to the subjects of Her Britannic Majesty, as stated in the Articles aforesaid, the character of any compensation which, in their opinion, ought to be paid by the Government of the United States to the Government of Her Britannic Majesty in return for the privileges accorded to the citizens of the United States under Article XVIII of this Treaty, and that any sum of money which he said Commissioners may so award shall be paid by the United States Government, in a gross sum, within twelve months after such award shall have been given

ARTICLE XVIII

The Commissioners referred to in the preceding Article shall be appointed in the following manner that is to say One Commissioner shall be named by the President of the United States, one by Her Britannic Majesty, and a third by the President of the United States and Her Britannic Majesty conjointly, and in case the third Commissioner shall not have been so named within a period of two months from the date of the ratification of this Treaty, then the third Commissioner shall be named by the Representative at London of His Majesty the Emperor of Austria and King of Hungary In case of the death absence, or incapacity of any Commissioner, or in the event of any Commissioner omitting or declining to act, the vacancy shall be filled in the manner hereinbefore provided for making the original appointment, the period of three months to be reckoned in case of a vacancy occurring among the Commissioners under this Article from the date of the happening of the vacancy

The Commissioners so named shall meet in the City of Halifax, in the Province of Nova Scotia, at the earliest convenient period after they have been respectively named, and shall, before proceeding to any business make and subscribe a solemn declaration that they will impartially and carefully examine and decide the matters referred to them to the best of their judgment, and according to justice and equity, and such declaration shall be entered on the record of their proceedings.

Each of the High Contracting Parties shall also name one person to attend the Commission as its agent, to represent it generally in all matters connected with the Commission

ARTICLE XXIV

The proceedings shall be conducted in such order as the Commissioners appointed under Articles XXII and XXIII of this Treaty shall determine They shall be bound to receive such oral or written testimony as either Government may present If either Party shall offer oral testimony the other Party shall have the right of cross-examination, under such rules as the Commissioners shall prescribe If in the case contemplated in the fourth paragraph either Party shall have specified or alluded to any report or document in its own exclusive possession without annexing a copy such Party shall be bound if the other Party shall apply for it to furnish that Party with a copy thereof, and either Party may call upon the other, through the Commissioners, to produce the originals or certified copies of any papers adduced as evidence, giving in each instance such reasonable notice as the Commissioners may require

The case on either side shall be closed within a period of six months from the date of the organization of the Commission, and the Commissioners shall be requested to give their award as soon as possible thereafter In case it shall be impossible for the Commissioners to award a sum in gross on the whole matters submitted to them, they may make a separate award upon any distinct branch or item of a claim, and may from time to time make successive awards at different times, until a sum in gross shall have been awarded upon the whole matters submitted to them

All awards shall be made in duplicate, and one copy thereof shall be delivered to the Secretary of State of the United States, and one copy to the Representative of Her Britannic Majesty at Washington

The amount of money which may be awarded by the Commissioners on account of any claim shall be paid to the Government of the United States or to Her Britannic Majesty's Government, as the case may be, within twelve months after the date of the award, without interest, and without any deduction save as specified in Article XVI of this Treaty

ARTICLE XXV

The Commissioners shall keep an accurate record and correct minutes or notes of all their proceedings, with the dates thereof, and may appoint and employ a secretary, and any other necessary officer or officers to assist them in the transaction of the business which may come before them

Each Government shall pay its own Commissioner and agent or counsel All other expenses shall be defrayed by the two Governments in equal moieties

The whole expenses of the Commission, including contingent expenses shall be defrayed by a ratable deduction on the amount of the sums awarded by the Commissioners, provided it always that such deduction shall not exceed the rate of five per cent on the sum awarded

ARTICLE XXVI

The High Contracting Parties agree to consider the result of the proceedings of the Commission as a full, perfect, and final settlement of all and every question referred to therein

Each of the High Contracting Parties agrees to give effect to the final decision of the Commission as such without further question delay or demur

ARTICLE XXVII

It is agreed that for the term of years mentioned in Article XXIII of this Treaty fish oil and fish of all kinds (except fish of the inland lakes and of the rivers falling into them, and except fish preserved in oil) being the produce of the fisheries of the United States or of the Dominion of Canada, or of Prince Edward's Island shall be admitted into each country, respectively, free of duty

ARTICLE XXVIII

Inasmuch as it is asserted by the Governments of Her Britannic Majesty that the privileges accorded by the articles of this Treaty are of greater value than those accorded by Articles XIX and XXI of this Treaty to the subjects of Her Britannic Majesty, and this assertion is not admitted by the Government of the United States, it is further agreed that Commissioners shall be appointed to determine having regard to the privileges accorded by the United States to the subjects of Her Britannic Majesty, as stated in the Articles aforesaid, the character of any compensation which, in their opinion, ought to be paid by the Government of the United States to the Government of Her Britannic Majesty in return for the privileges accorded to the citizens of the United States under Article XVIII of this Treaty, and that any sum of money which he said Commissioners may so award shall be paid by the United States Government, in a gross sum, within twelve months after such award shall have been given

ARTICLE XXIX

The Commissioners referred to in the preceding Article shall be appointed in the following manner that is to say One Commissioner shall be named by the President of the United States, one by Her Britannic Majesty, and a third by the President of the United States and Her Britannic Majesty conjointly, and in case the third Commissioner shall not have been so named within a period of two months from the date of the ratification of this Treaty, then the third Commissioner shall be named by the Representative at London of His Majesty the Emperor of Austria and King of Hungary In case of the death absence, or incapacity of any Commissioner, or in the event of any Commissioner omitting or declining to act, the vacancy shall be filled in the manner hereinbefore provided for making the original appointment, the period of three months to be reckoned in case of a vacancy occurring among the Commissioners under this Article from the date of the happening of the vacancy

The Commissioners so named shall meet in the City of Halifax, in the Province of Nova Scotia, at the earliest convenient period after they have been respectively named, and shall, before proceeding to any business make and subscribe a solemn declaration that they will impartially and carefully examine and decide the matters referred to them to the best of their judgment, and according to justice and equity, and such declaration shall be entered on the record of their proceedings.

Each of the High Contracting Parties shall also name one person to attend the Commission as its agent, to represent it generally in all matters connected with the Commission

ARTICLE XXX

It is agreed that, for the term of years mentioned in Article XXIII of this Treaty fish oil and fish of all kinds (except fish of the inland lakes and of the rivers falling into them, and except fish preserved in oil) being the produce of the fisheries of the United States or of the Dominion of Canada, or of Prince Edward's Island, shall be admitted into each country, respectively, free of duty

ARTICLE XXXI

The present Treaty shall be ratified by the President of the United States, by and with the advice and consent of the Senate thereof, and by Her Britannic Majesty, and the ratifications shall be exchanged at Washington or at London, at the expiration of six months from the date hereof, or earlier if possible
